

Dear friends,

Good news – Church in Wales has now put Gift Direct online.

<https://www.churchinwales.org.uk/en/clergy-and-members/gift-direct/>

With our buildings closed we share your anxieties about the long term financial impact, which is why behind the scenes we have worked with the other Dioceses to find ways to minimise loss of income. Gift Direct remains the best way for members to regularly give to their local church and to make this even easier Church in Wales has made Gift Direct online.

This Sunday, when live streaming services please encourage your viewers to donate via Gift Direct. Add the link in the comments section to make it easier for people to find. If you're pre-recording your sermon then please mention Gift Direct and post a link.

In the meantime, please do share Gift Direct Online with your church members.

Best wishes

Sarah
